

STUDENT ASSOCIATION OF MICHIGAN
January 21, 2010

*A Resolution to Join the Student Association of Michigan (SAM) in Support of
House Bill 4876*

Whereas, SAM has expressed initial support for House Bill 4876, the proposed amendment to the Michigan Liquor Control Code of 1998, known as the Medical Amnesty Initiative; and

Whereas, SAM seeks to empower, not replace, the voice of its members, and thus will not pass official legislation in support of this bill without the consent of its membership; and

Whereas, As a member of SAM, Wayne State University can take this opportunity to stand in solidarity with students across the state to support legislation that will save students' lives by authorizing SAM to advocate for this initiative on our behalf;

Now, therefore be it enacted by the students of Wayne State University;
That the students of Wayne State University authorize SAM to advocate for House Bill 4876 on their behalf, and stand in solidarity with students across Michigan in support of sound policy that will save lives.

Finally be it resolved, Wayne State University Student Senate will work in conjunction with SAM and its member schools to unite in favor of HB 4876 and take the appropriate legislative actions until the Medical Amnesty Bill is seen into law.
